# Flame-Resistant, Hi-Visibility Vest

## First Responder Roadside Protection

Fire fighters need flame resistance along with visibility during roadside response. The FR Hi-Visibility Vest from Lion Apparel gives both types of protection for every roadside call.

### Reliability

- Long-lasting, flame-resistant blend of 54% FR modacrylic/44% cotton/2% carbon; FR won't melt, drip or wash out.
- Thermally stable — will not melt to turnout gear or contribute to burn injury.
- A matrix of anti-static fiber reduces the risks from flammable vapors at roadway incidents.
- Five-point breakaway system for quick doffing, entrapment prevention and fast rehab.
- Meets ASTM F2302 Standard Performance Specification for Labeling Protective Clothing as Heat and Flame Resistant.
- Complies with ANSI 107-2004 Class 2, Level 2\*
- Complies with ANSI 207-2006

### Visibility and Identity

- Fluorescent "Safety Yellow" projects optimum daytime visibility.
- 3" FR silver 3M™ Scotchlite™ Reflective Material for maximum nighttime retroreflective visibility.
- Optional 2" silver 3M™ Scotchlite™ Reflective Material letters for identification.

### Versatility

- Four sizing options for optimum fit over turnout coats without binding.
- Can also be worn over your station/duty uniform or other outerwear.
- Two 8.5" x 9" x 2" cargo pockets with Velcro® fasteners keep tools handy.
- 3.5" x 9" x 2" radio pocket with mic tab helps keep you in communication with other responders.

### Durability

- Machine washable for easy soil removal.
- Inherently flame resistant for assured safety.
- Keeps its shape with minimal shrinkage for assured fit.

\*Note: Garment complies only with ANSI 207-2006 when lettered.
